President Is Home Again For More Rest And Some Business

With his desk cleared of pressing work as a result of the past two weeks of activity here, at Camp David, and in Washington, D. C., President Eisenhower can look forward to a week of comparative restfulness.

At his press conference Tuesday afternoon, James C. Hagerty, White House press secretary, confirmed the fact that the President had only two duties this week. On Saturday he will be examined by Dr. Paul Dudley White, famed Boston heart specialist, shortly after 10:30 a.m. Dr. White will attend the regular Saturday press conference, scheduled tentatively for 2 or 2:30 p.m., where he will brief reporters on the President's condition.

Turn On Lights
On Sunday at 5 p.m. President Eisenhower will participate in lighting the nation's Christmas trees from the President's office at Gettysburg College. Mr. Eisenhower is also scheduled to speak briefly from the Gettysburg College office at about 5:10 or 5:11 p.m. The program will be carried live on TV. When the President pushes the button in Gettysburg, trees at the White House and elsewhere will be lighted.

Hagerty stressed that the light work schedule of the President was not due to doctor's orders, but rather to a "normal lull" in business activities.

Before leaving Washington to return to his farm Tuesday, the President accepted the credentials of the new Argentinian ambassador, Adolfo Vicchi. The Presidential party left the White House at 1:35 and were airborne at 1:50 p.m. They arrived in Gettysburg at 2:17 o'clock.

Four With President
Accompanying the President were his pilot Col. William Draper, co-pilot Major William Thomas, James C. Hagerty and a member of the security staff. On the flight to Gettysburg, the President flew over the farm to get a good look at it from the air.
Hagerty also reported that Maj. and Mrs. John Eisenhower and their children, David, Barbara and Anne, would spend Christmas in the White House. Mrs. Eisenhower was to leave Walter Reed Hospital today. She had gone to the hospital with "threatened labor" on Sunday. The new Eisenhower baby is due about the first of the year.
Following his flight on Tuesday the President puttered around on his farm. At 4 p.m. he did some dictating. Mrs. Eisenhower motored to Gettysburg from Washington later Tuesday afternoon.

350 NAMES ARE PLACED IN JURY WHEEL FOR 1956

Three hundred and fifty names of Adams County residents went into the jury wheel today. From that list will be drawn the jurors for the four terms of court next year.

Selection of the veniremen was made Tuesday by the Jury Commissioners Mervin I. Rice and L. Robert Crouse, Judge W. C. Sheely and Sheriff Dorsey J. Schuit, with Mrs. Wilda Sheaffer as clerk. Included among the 350 are the jurors whose names were not drawn during the current year. Their names continue in the wheel until they are selected for jury duty.

Today the long list of names were cut, each name rolled into a small tube and placed in the large wheel which is then sealed and locked, to be opened only at the direction of the court to select the four lists of jurors required during the year.

M. A. Sargeant, of the Miller Chemical Co., was the speaker, declaring that corn is the largest "single item produced in this country, even greater than steel." Sargeant said the average cost to produce a bushel of corn in the U. S. was \$1.85, but the farmers who secured yields of 90 to 100 bushels per acre had costs of only 85 cents per bushel.

He urged use of organic materials in fertilization and suggested plowing down 200 pounds of cyanamide per acre.

Christmas In India

Mysterious "Pearl of the East," subject of poets and authors for centuries, is India bordered by Iran, Afghanistan, China, Siam, Burma and the Indian Ocean.

Once known as a strange land of gold, silks and rare spices, the mysterious India was unveiled to the western world only within the past fifty years. Little was known until a slight energetic man of great courage dared to attempt the modernization of the old, and backward ways of his average Indian countrymen. As the gates of India swung open, knowledge of the caste system and their religious fervor spread. As a result, a deluge of missionaries flocked to the densely populated, hunger-torn areas of India to acquaint all classes, the untouchables, Brahmins and the lowest laborers alike, with Christianity and the modern techniques of the western world.

Four Hungarians Ride To Freedom

GRAZ, Austria (AP)—Four Hungarian workers dashed to freedom in a do-it-yourself tank this week, police said today.

Police said the workers got a truck, covered it with iron and steel plates, and drove it at top speed through wire fences guarding the Hungarian border.

Before reaching the Austrian side of the border, an exploding mine tore off one of the truck's wheels. The group had to run for it as border guards opened fire. They swam the icy Pinka River and reached Austria half-frozen.

LADIES GUESTS OF EXCHANGE CLUB TUESDAY

The Exchange Club held its annual ladies' night banquet Tuesday night at 7 o'clock in Graeffenburg Inn, with 63 members present.

President John Slentz was master of ceremonies. Richard Shaffer impersonated Herb Shriner and did a version of Stan Freeberg's "The Night Before Christmas." In playing "Two For The Money" Glenn Musselman Jr. was Dr. Gross, Mrs. Glenn Musselman introduced the contestants, and Crosby Hartzell was the banker. Donald Joseph as Santa Claus presented each of the lady guests with an orange and a gold colored pill box studded with imitation pearls.

Carl Prosser and John R. Korver led the group in singing "Silent Night."

It was reported that the Exchange Club toy project for the Paradise Protectors was in need of more repairable toys, especially tricycles, scooters and wagons. Townspeople wishing to donate broken toys to the project are asked to call John Codori, 546-Y; Cletus Mayer, 1124-Y; or Ernest Simpson, 185-Y.

Bottiger, Seminary student, gave the invocation. New members of the club and their guests were welcomed: Mr. and Mrs. Clyde Bream, Mr. and Mrs. William Hendley, and John R. Korver and Miss Shirley Cunningham.

CHIEF URGES FIRE CAUTION

Fire Chief Donald W. McSherry today urged householders to be extremely careful of fire during the Christmas season.

"Christmas decorations are beautiful but they are a fire hazard. Extra care should be taken to see that extension cords for tree lights, trains, etc., are in good condition and are heavy enough to bear the load. Care should be taken against overloading electrical circuits with the special Christmas decorations added to other electrical devices in the home.
"Especially one should be careful about children, particularly leaving small children alone in the house, if only for a few minutes, while electrical devices are in operation and lights are burning.
"Because of the hazardous conditions extra care should be taken at Christmas time to avoid tragedy."

BROTHER AND SISTER MEET FOR FIRST TIME

Miss Jacqueline Slaybaugh, Biglerville High School senior and adopted daughter of former Burgess and Mrs. J. Hoke Slaybaugh, Biglerville, Saturday met her brother for the first time. She will be 18 in April and her brother is 19.

The two were separated almost 18 years ago when Miss Slaybaugh was adopted by her foster parents, and her brother was placed in various foster homes and later was adopted.

The Slaybaughs had vague information over the years that there might be a brother of their adopted daughter, but had had no facts.

Found By Child Welfare

Finally, some time ago, they put the question to the Adams County Child Welfare Services, and the secretary of that organization, Miss Bettie Livermore, said she would search the records and if there was a brother, contact the family that had adopted him and find out if they wished the brother and sister to meet.

Miss Livermore's research discovered that the brother, after moving from foster home to foster home over a period of about four years, had been adopted at about age 5½ by Mr. and Mrs. Bertram H. Salter, now of 345 E. Glen Ave., Ridgewood, N. J.

It was also learned that, had either of the foster parents known of the other child, the two could have played together while Mr. Salter was an instructor at Gettysburg College here. In addition he has, since leaving the college, been engaged as an engineer for various activities at the C. H. Musselman Co. in Biglerville.

While there have been constant visits here, neither family knew that the other had the other child. The families wrote each other after the relationship was discovered and had planned to meet next Sunday. Saturday a call came to the Slaybaughs reporting that John Salter had been called for Navy service and had to report Monday. Could the meeting between brother and sister be held a week early? It could, and the brother and sister met at the Slaybaugh home in Biglerville Saturday.

Everybody welcome. Turkey Bingo, VFW Home, Friday December 16, 8 p.m.

China And Russia Beat Move To Admit 18 Members Into UN

UNITED NATIONS, N. Y. (AP)—Sponsors of the proposed package deal to bring 18 new members into the United Nations cast about today for some way to keep their veto-riddled plan alive.

There appeared no chance, however, that any of the 18 would make the grade at this session of the General Assembly.

The package proposal was defeated in the Security Council last night. Nationalist China cast its promised veto against Outer Mongolia and the Soviet Union, then carried out its threat to veto the 13 non-Communist applicants.

Muster One Vote
In the final round of voting the four other Communist applicants could muster only one council vote, six short of what they needed.

As soon as the council finished its rapid-fire balloting, supporters of the package scheme began sounding out fellow delegates on possible courses of action. Two were suggested:

1. A formal request that the council action be reported back to the Assembly, where the package originally received 52 favorable votes. The Assembly then might repeat its recommendation and toss the question back into the council's lap during the current session.
2. Calling of an "interim" Assembly next spring at which the

membership question and other unfinished business could be dealt with before the regular 1956 Assembly convenes.

Devise Other Solution

Canadian Chief Delegate Paul Martin, mainspring behind the package plan, voiced confidence the "prospects for a solution have not been exhausted and further efforts may yet prove decisive."

India's V. K. Krishna Menon, powerful Asian cosponsor of the scheme, rallied Arab-Asian support for a request that the Assembly reconsider the question.

But most delegates held little hope the voting lines would change at the present time. Several diplomats expressed belief it would be wiser to let the stormy issue cool off before trying to reach agreement.

In all, Soviet Delegate Arkady A. Sobolev cast 15 votes. In addition to the 13 against the non-Communist states in the package proposal, he turned thumbs down on a proposal by T. F. Tsiang of Nationalist China to admit South Korea and South Viet Nam.

The afternoon's work brought the Soviet total of vetoes to 75 in the 10 years of the U. N.

France has used the veto twice but not against membership applications. The only other veto in council history was Nationalist China's against Outer Mongolia.

British Outlaw Cyprus Reds; Strikes, Bombings, Protests

NICOSIA, Cyprus (AP)—Britain banned the Communist party in this rebellious colony today and rounded up 135 Red leaders in lightning raids.

The island flared in a new wave of strikes, bombings and demonstrations protesting the anti-Red move.

Strikes for political purposes are illegal, but building workers in Nicosia downed their tools, military cantonment employees stopped work and even waiters in hotels refused to serve guests today. Newspaper printers held urgent meetings to decide whether to block publication.

Arrest Mayors
In some towns the strikers tried to march to their union headquarters, but were dispersed by troops using tear gas.
Three British soldiers were injured by a bomb thrown in Limassol. Another bomb was exploded at Famagusta.

Those picked up included the mayors of Limassol and Larnaca, two of the island's largest towns; all members of the Central committee of the Cyprus Communist party, known as AKEL; and Red officers of the labor federation.

Also outlawed were the Communist youth organization, AON; the Red farmers' association, EAK; and the Red women's group, Pody. The party newspaper Neos Demokratias was ordered to close.

However, the ban was not extended to the labor federation. The British colonial governor, Gen. Sir John Harding, said his regime "is most anxious not to disrupt the work of legitimate trade unionism."

Harding said the new crackdown on the strategic east Mediterranean island—headquarters for British forces in the Middle East—was ordered because the Communists appeared determined to "prolong dissension and turbulence" in the colony.

The anti-Red order is part of Harding's campaign to put down continuing disorders caused by demands for Enosis, union of the island with Greece.

Polio-Stricken Woman Fails To See Evangelist, "Healer"

Daniel and Dawn Counterman, Easton, Pa., the young couple who set out to visit Evangelist Oral Roberts with Daniel pushing his polio-stricken wife in a wheelchair, passed through Gettysburg Monday afternoon about 3 o'clock on their way home. It was reported they started their homeward trek when they learned in Aurora, W. Va., that Roberts would not be able to see them. Roberts, who lives in Tulsa, Okla., is planning a trip to Manila early in January.

Mrs. Counterman, paralyzed from polio for 13 years, said "I believe that if Oral Roberts had touched me and had said a prayer I would have been healed." The couple made their first appearance in Gettysburg on December 2 when they stopped to see President Eisenhower about procuring a passport to Manila. President Eisenhower was not in his Gettysburg office at the time but a Secret Service agent told them they would have to go to Washington for a passport. He advised them to return home.

Barred From Highway
The Countermans continued their journey to Washington, receiving sleeping quarters and food from sympathetic persons along the way. The State Department refused them a passport because they did not have their birth certificates with them and advised the Countermans to have their birth certificates sent to San Francisco. Counterman said, "If we had gotten to San Francisco we don't know how we could have gotten to Manila but God would have provided. He got us to West Virginia and people just don't get that far walking and with no money, especially with a wheelchair, unless God helps them."

After leaving Washington the Countermans traveled as far as Culpeper, Va., where Virginia State police refused to permit them on the highways because of the danger involved. Returning to Washington they again set out for the west coast.
Counterman, a former printer for the La Monica Printing Company, Easton, said, "I think I'll go back to printing when we get home." He said, "I study the Bible, and the day Dawnie starts walking I'll stop smoking and then God will let me know when He wants me to start in His ministry. Roberts said that the trip would be too rigorous for Dawn. We wonder why he turned us away on such a flimsy reason when we definitely stated that God was with us. There was not one night when God did not provide us with a place to sleep nor one day when we didn't have a good cooked meal in a home because we didn't have the money to buy our own."
"Roberts could have been afraid that God would not have healed Dawnie and that it would have hurt his reputation," he said. Mrs. Counterman said, "If Oral Roberts could not have healed me, it would have been God's will that I should not have been healed. But it was God's will that we take this trip."

THREE WOMEN'S GROUPS MERGED; NAME OFFICERS

Three women's organizations of Christ Lutheran Church were merged under the name of United Lutheran Church Women at an organization meeting Tuesday evening at the church. The three groups are the Women's Missionary Society, the Women's Service Guild and the Dorcas Society.

The pastor, Rev. Herman G. Stuemple Jr., said that "plans have been under way to coordinate the women's activities for the past two years in order to present a broader program for all three groups to include the major emphasis of the church and to give a single center to all the women of the parish."

Mrs. Reginald W. Deitz was named president of the new group. Others elected were: vice president, Mrs. William Musser; secretary, Mrs. H. Edgar Riegle; treasurer, Mrs. Robert L. Bloom.

Mrs. Herbert H. Schmidt opened the meeting with devotions. A brief business meeting was held.

Pictures of 150 of the world's famous Madonnas were shown by Peter Pennington. The collection is from 700 owned by Mrs. Alfred Hamme, Mrs. Richard T. Mara, the narrator, told the history of the Madonnas and named the various artists who painted them. Mrs. John S. Rice arranged the program. Miss Anna Grimm sang Christmas carols during the viewing of the Madonnas. Mrs. George H. Thrush Jr. was master of ceremonies. The group sang carols.

Each one of the 75 women present brought a Christmas present for the Arams County patients at the Laurelton State Village, a girls' institution.

Refreshments were served by the following committee: Mrs. L. S. Long, Mrs. Russell A. Campbell Jr., Mrs. Charles H. Smith, Mrs. Robert Fortenbaugh, and Mrs. Earl E. Ziegler.

STATE PRAISES TOWNSHIP MEN FOR 'GOOD JOB'

Adams County's township supervisors, auditors, assessors and tax collectors were praised this morning at their 38th annual convention in the court house.

State Highway Department engineers Daniel A. Bailey, Carl Miller and Robert Barton were among the speakers who commented on the "good job" the county's township officials are doing in keeping roads in repair and developing the township roads.

Milton W. DeLancey, editor of the *Eownship News*, state publication of the supervisors' organization, spoke on details of his publication. Kerry McAlbrey, of the state Department of Public Instruction, praised the township officials for attendance at a school conducted for them last year and said that the department will sponsor a similar school next year if the supervisors so wish.

Vice President Mearl Heikes presided in the absence of President Glenn Jacobs. Rev. Jack Gardner gave the invocation and conducted memorial service for the members of the association who died within the last year: J. S. Deatrick, Tyrone Twp.; Norman J. Judge W. C. Sheely gave the address of welcome and Vice President Heikes the response.

Assemblyman Worley Speaks
Assemblyman Francis Worley reviewed pending legislation and said he is going to oppose the bill to increase judges' salaries that is now before the Senate. He said it would increase the judge's salary in this county from \$14,000 to \$18,000 and would boost Supreme Court justices to \$30,000 a year. He said it "does not make sense" to be voting another pay raise to judges in view of the state's present tax difficulties. He also said he is opposing a House bill that would require a title for and \$2 license fee for farm tractors.

Eisenhower was said to have shrugged off Harriman's attacks on the Republican administration's policies with the comment that he was only "a Park Avenue Truman."

INSTITUTIONS REJOICE OVER FORD GRANTS

PHILADELPHIA (AP)—Heads of Pennsylvania colleges, universities and hospitals rejoiced Tuesday over the millions of dollars received Monday in Ford Foundation grants.

In the largest single appropriation in the history of philanthropy the foundation gave away a half billion dollars to privately-supported institutions.

This included 57 colleges and universities in Pennsylvania and 248 hospitals.

Increase Salaries. Income from the grants to the educational institutions will be used to help increase teachers' salaries. College officials agreed this would give impetus to correcting a condition that has plagued institutions of higher learning for years.

The gifts to Pennsylvania colleges ranged from the \$2,742,800 for the University of Pennsylvania in Philadelphia to \$40,500 given to Little Alliance College at Cambridge Springs in western Pennsylvania.

Dr. Gaylord P. Harnwell, president of Penn, declared that the gift "will be of enormous assistance to the university." He added: "This is the nicest Christmas present the university ever has received."

"We have many very real financial problems, and none is more important than faculty salaries. The faculty is the heart of a university and this action of the Ford Foundation strikes at the core of a major problem."

He said the grants "mark a milestone in the history of educational philanthropy. They should be a great stimulus to others to help in the task of financing higher education."

J. Lincoln McFarland, administrator of Polyclinic Hospital in Harrisburg, expressed some doubts: "I feel fine (about the gift) but I don't know what conditions or strings are attached."

Hospitals Get "Good News"

Webster S. Kohlihaas, superintendent of Harrisburg Hospital, termed the gifts "good news" and indicated the hospital would use the money for additional facilities. Among the larger grants to Pennsylvania colleges, besides Penn's:

University of Pittsburgh, \$1,498,200; Carnegie Institute of Technology, \$1,318,400; Swarthmore, \$707,700; Drexel Institute of Technology, \$646,900; Bryn Mawr, \$594,300; Villanova, \$571,000; Bucknell, \$558,100; Lafayette, \$545,600; Temple, \$543,400; Lehigh, \$534,000.

Today's Talk

A BOOK FOR THE AGES

A book to which I turn again and again is that one by Charles Lamb — "The Essays of Elia." There is not a book in all literature that is more interesting and whose author is more lovable. In this book are those famous essays on "Roast Pig," "Dream Children," "Old China," "Poor Relations," and over fifty more — each one a classic of its kind. The copy I have is from that fine series of small books that Dutton publishes.

Charles Lamb lived with his sister Mary, and the two worked together, and both gave of the best that was in them. Lamb was born February 18, 1775, at a time when the American nation was about to be born through its independence. His father was a barrister's clerk. He left school before he was fifteen, and because of a stutter he remained shy and much to himself, but he was so beloved that he had his own close group, in which there was a companionate interest; all around.

A reviewer said of Lamb that "he was a helper seldom one of the helped. Both he and his sister eked out their slender means by literary work, humble in design, but honest in accomplishment." Each, he and Mary, gave of his and her best.

Not until 1816, and in 1820 and 1823, were the essays collected and put into book form. Today these books are treasured wherever they find their way to those who love beautiful literature and inspiring thoughts. Lamb was a famous punster, and had a sly humor that was like a breath of fresh air. He numbered his friends among Wordsworth, Coleridge, Hazlitt, and others. They (Mary and Charles) were poor, but "their poverty was of the noble order."

There have been many books published on Lamb, but the finest is that one in two volumes by E. V. Lucas, the English publisher and himself a fine essayist. This was issued in 1905, and is quite a rare book today. But in any book about Lamb there is the flavor of a great life, simply and greatly lived.

Tomorrow Mr. Adams will talk on the subject: "Self Education." Protected, 1955, by The George Matthews Adams Service.

Just Folks

THE COURSE OF MAN
At twenty, life is fair to view
And nothing is too much to do;
No race too long, no pace too fast;

Youth has sufficient strength to last,
And while the old their pillows keep,
Youth thinks it wasted time to sleep.

At thirty-five, a man begins
To notice waists and double chins,
And though his spirit young remains,
His flesh is prey to aches and pains.

He turns from strenuous sports to find
The pleasures of a gentler kind,
At forty-five, he finds he needs
The aid of glasses when he reads,
And he has also learned that he
Is short of breath and energy.

And though at him the youngsters mock,
He longs for bed at ten o'clock.

At sixty, quite content is he
At peace with all the world to be,
The game of cards, the book he reads
Are quite sufficient for his needs.

He once was young, but now he sighs
His last one boast: "I have grown wise!"

Westinghouse-Union Talks Called Off

PITTSBURGH (AP)—Joint bargaining talks between Westinghouse Electric Corp. and the striking AFL-CIO International Union of Electrical Workers were called off Tuesday following a day of tension on picket lines and a rash of counter-charges by union and company spokesmen.

Federal Mediator John R. Murray announced there would be no joint sessions as originally slated. He said he planned to confer separately with Westinghouse negotiators, and then meet later in the week with union officials in an effort to find ways of settling the 56-day-old strike.

Company and union negotiators held a day-long meeting Monday and recessed overnight with no report of progress toward settling the strike by some 44,000 IUE members at 30 Westinghouse plants throughout the nation.

DENT SEES DIM FUTURE FOR TAX; GOP BACKS OUT

HARRISBURG (AP)—Sen. Dent, Senate Democratic floor leader, expressed gloom today in advance of a Senate showdown on Gov. Leader's 3 1/2 per cent manufacturers' excise tax proposal.

"The Republicans backed out on their agreement with me to supply what we need on votes," he told a newsman. "Without those votes we can't pass the bill."

Two Republican senators—Wolfe (R-Union) and Peeler (R-Indiana)—made flat statements that the 320 million dollar tax measure was dead.

Avoids Capitol

And Sen. Bane (D-Fayette) stayed away from the Capitol after walking out of his party's caucus yesterday while voicing his distaste of the tax proposal.

Sen. Mahany, Senate Republican floor leader, called for a final vote on the House-passed tax late in the day but refused to say it was dead.

"You can't tell anymore what's going to happen on this tax," he told a newsman.

The 26-member Senate GOP caucus met for more than 6 hours yesterday but couldn't come to a decision on instructing three of its number to cast the ballots Democrats need to pass the measure.

The caucus broke up after it learned that Bane walked out on the Democratic session.

Bane has announced he will resign Dec. 31 to take over as a newly elected common pleas judge. He reportedly told his colleagues he would be absent when the tax roll is taken.

Bane, who removed his personal belongings from the Senate chamber after telling newsmen goodbye, stayed here overnight despite his announced intention to go to his Uniontown home.

Democratic leaders were known to be urging Bane to be on hand for the excise tax vote despite his run-in with Dent who reportedly told the newly elected judge to stay home if he didn't plan to be on hand for the tax showdown. Meanwhile, the House voted unan-

Sen. Mahany, Senate Republican floor leader, called for a final vote on the House-passed tax late in the day but refused to say it was dead.

Bane has announced he will resign Dec. 31 to take over as a newly elected common pleas judge. He reportedly told his colleagues he would be absent when the tax roll is taken.

Bane, who removed his personal belongings from the Senate chamber after telling newsmen goodbye, stayed here overnight despite his announced intention to go to his Uniontown home.

Democratic leaders were known to be urging Bane to be on hand for the excise tax vote despite his run-in with Dent who reportedly told the newly elected judge to stay home if he didn't plan to be on hand for the tax showdown. Meanwhile, the House voted unan-

animously to increase the 425 million dollar ceiling on authority-finance school construction entitled to state aid to 625 millions immediately and to 925 millions in 3 years.

The lower branch disregarded party lines in voting approval of a Democratic plan abolishing the 1947 ban on strikes by public employees, 128-67.

Approve Reorganization

Approved finally by the Assembly were government reorganization plans to give the Justice Department the right to inspect local lockups and jails and the State Department the power to regulate charitable solicitations. Those functions had been in other departments.

Rep. Worley (R-Adams) voted against the Justice Department measure, which passed 195-1. The State Department reorganization carried unanimously.

In the Senate, the Republican majority brushed aside Democratic opposition in passing legislation authorizing the sale of \$110,700,000 in tax anticipation notes to pay overdue state aid to school districts.

Democrats lost out in their attempt to amend the bill to provide that such a loan couldn't be made if a tax plan had not been adopted within 30 days after the loan authorization became law.

Sen. Barr, Democratic state chairman, charged that the GOP was "insincere" in the attempt to end the school crisis.

Call For Speedy Action

Sen. Wagner (R-Schuylkill) took the position that Republicans were doing the governor a favor but that the bill would have to be enacted immediately "if it is to be worth anything."

It was at this point that Dent told the Senate that lobbyists were the factor that upset the applicability on the manufacturers' excise tax.

He explained later:

"I had a deal offered to me to take shipbuilding, railroads and utilities out of the bill. They (the Republicans) told me to my face the bill would be killed if I didn't take them out."

"Every one of the lobbyists who stood up for a sales tax during the public hearings on the excise tax has now submitted amendments to the House Ways and Means Committee asking that his respective interests be exempted from any sales tax."

Sen. Pechar (R-Armstrong) denied existence of any agreement to provide GOP votes for the bill, declaring:

"We might have supported the bill if there were more amendments to lessen the blow on industry."

Pechar had sought revisions to exempt heavy industrial machinery from the levy.

HERB SCORE IS SELECTED AS ROOKIE OF YEAR

NEW YORK (AP)—Herb Score of the Cleveland Indians, who fanned 245 batters to set a record for most strikeouts by a pitcher in his first major league season, was named the American League's 1955 Rookie of the Year today.

The 22-year-old stylish southpaw received 18 votes in the balloting of the 24 committeemen of the Baseball Writers Assn. Three writers from each of the eight American League cities made up the committee.

Only two other players received votes. Infielder Billy Kinsau of the Boston Red Sox got five and first baseman Norm Zaichin, also of the Red Sox, one.

Score's strikeout mark eclipsed the previous record of 227, established by Grover Cleveland Alexander in his rookie season with the Philadelphia Phils in 1911. Score, a 6-2, 185-pound fast-baller, won 16 games and lost 10. He ranked fourth in earned run listings with a 2.85 average.

\$60,000 Bonus
He was signed to a bonus contract by the Indians for an estimated \$60,000 in June 1952. He posted a 22-5 won-loss record for Indianapolis during the 1954 season, striking out 330 batters for an American Assn. record.

Klaus, a peppery shortstop who failed to make the grade in the National League after trials with the Braves and the New York Giants, was instrumental in Boston's successful season. He hit .283.

Temple Quint Here Tonight

Tonight the Gettysburg College basketball team will make its last pre-holiday home appearance when it tangles with the powerful unbeaten Temple Owls at 8 o'clock.

Following tonight's game the Bullets meet Ross Sachs' Johns Hopkins quintet at Baltimore, Saturday evening.

Temple will offer one of the severest tests the Bullets will encounter during the season. The Owls are being touted as one of the nation's top teams, the result of a surprise win last Saturday over Kentucky. Temple trounced the Bullets at Philadelphia last week 74-53.

MOUNT IS HOST TO HIGH SCORING DAVIS ELKINS 5

Coach Jim Phelan's Mount St. Mary's cagers go to the post this evening at 8:30 o'clock against a high-scoring Davis Elkins quintet without the services of Jack Sullivan, ace Mountaineer shotmaker, or Bill Williams, 6'6 forward on whom Phelan counted to take up the scoring slack caused by Sullivan's injury. Sullivan twisted his ankle badly in the Georgetown game and Williams did the same thing in a workout Monday evening.

As a result of the injuries Phelan is considering a starting lineup of Nanni, Bollinger, Bals, Stanley and Sheing. The Mountaineers expect to play a little closer to their vests than they have in previous games, switching from the running game to possession as they look for better shots. In addition the Blue and White squad has been running through defensive drills to try to get away from overguarding which has hampered the team in their last two outings.

Scrubs To See Duty
The chances are that Phelan will have to dig deep into his bench to get needed size. Freshman Tom Leonard, 6'5 forward, and Joe Sullivan, 6'3 brother of Jack, neither of whom have seen much action thus far, are tabbed for service.

While not too much is known of the Davis Elkins squad, the West Virginians have two West Virginia Intercollegiate conference choices and have run over the hundred mark in scoring twice this year in the three games they have played.

There will be only a single game tonight at 8:30, as the Mountaineers frosh get a breather. Thursday night the varsity also plays a single game against Morris Harvey College.

McPherson Measure Is Sent To House

HARRISBURG (AP)—A Senate-passed bill authorizing the state to accept a historical marker in Antrim Twp., Franklin County, is ready for House floor action today after gaining approval of the State Government Committee.

The proposal, sponsored by Rep. McPherson (R—Adams), would permit the State Historical and Museum Commission to accept Old Brown's Mill and assets of the Old Brown's Mill School Memorial Association. The mill is a landmark in the history of Pennsylvania education.

The commission would maintain the place as a historical marker open to the public.

The Senate approved the bill 49-0 on Oct. 11.

Biglerville suffered its fourth successive defeat Tuesday evening when it bowed to the unbeaten Shippensburg High dribblers at Shippensburg 66-52.

The Canners fell behind 20-8 in the first period and were never a serious threat to the Hounds although their play was much improved during the last three stanzas.

Kauffman tabbed 24 points and Frank Wyrick added 17 to provide the big punch for Shippensburg. Jim Smallwood and Don Hartzell each connected for 11 for the Canners.

The Biglerville reserves dropped their third game in the preliminary 43-26.

Biglerville will be host to Delone on the Biglerville floor Thursday evening.

Favor Gil Turner Over Young Labau

SYRACUSE, N. Y. (AP)—Veteran Gil Turner was rated a 2-1 favorite over young Jackie Labau for their 10-round middleweight bout tonight. The fight will be televised and broadcast nationally.

Labau, 23, a fast-moving slugger from New York, never has been counted out in 31 professional fights, although he has been stopped because of a cut eye. He is a newcomer to the middleweight division.

Turner, 25, has a record of 51 victories, 10 defeats and a draw. The Philadelphia Negro has scored 34 knockouts, fighting in the welter and middleweight ranks.

Turner made his last Syracuse appearance in September when he lost a 10-round decision to welterweight champion Carmen Basilio. He lost to Isaac Logart in an upset in October.

Labau's last fight was an October decision over Eddie Prince.

IBC COMPLAINS ABOUT RULING

NEW YORK (AP)—The International Boxing Club, which usually winds up on the long end in its promotions, was put "in the middle" by the New York State Athletic Commission action in "outlawing" the Boxing Guild of New York.

So said Jim Norris, president of the IBC which promotes the weekly Wednesday and Friday night television fights across the country.

"We considered the guild as a union or bargaining committee," Norris said. "Our main problem with the guild was television. When we signed with them we knew we'd be all right for a year."

"Now, we're in the middle. The guild has authority. I wouldn't want to have to deal with 200 or 300 managers separately."

Norris said the IBC's contract with the guild calling for \$4,000 for each main event fighter on TV extends through June and "should be carried out."

Norris' problem is that TV sponsors want their shows mapped out four or five weeks in advance.

THREE NAMED WINNERS IN '55 BOXING AWARDS

NEW YORK (AP)—Welterweight champion Carmen Basilio, rookie welterweight Bob Murphy of Boston and publicity man Harry Mendel today were named to receive the Boxing Writers Assn.'s three main awards.

Basilio, 28-year-old ex-Marine from Chittenango, N. Y., was voted the Edward J. Nell Memorial Plaque as Fighter of the Year.

Murphy, undefeated, 22-year-old 147-pound prospect, was chosen Rookie of the Year.

Mendel, 62-year-old former promoter, matchmaker and newspaperman, was singled out for the James J. Walker Memorial Plaque, "for long and meritorious service to boxing over a period of years."

The award-winning trio will be honored at the BWA's annual dinner Jan. 19.

Basilio, a pro eight years, won the 147-pound crown from Tony DeMarco by stopping the hard-hitting Bostonian in the 12th round of a thrilling fight in Syracuse June 10.

He is unbeaten in his last 15 fights over a two-year span. His record is 48-1.

"It's a real surprise and I'm terribly happy," said Basilio when informed of the award at Waynesboro, Ga. "Whoever would have thought three or four years ago that I'd be picked for such a great honor?" Basilio is bird hunting in South Georgia.

Murphy, Army veteran of Korea, turned pro this year. The onetime star high school infielder and half-back won his first 14 fights, 10 by knockouts, and showed he was ready to step up in class by holding experienced Chico Vejar to a draw in Boston last Saturday night.

Mendel, popular with sports writers, has been connected with boxing for over 45 years. He is publicity man for the International Boxing Club.

SAN FRANCISCO FACES BIG TEST FRIDAY NIGHT

By BEN OLAN
The Associated Press

The San Francisco Dons, winners of 29 straight games and the nation's top-ranked college basketball team, may be headed straight into a Marquette ambush. Even the Warriors' coach admits, "This is the season for upsets."

Unbeaten Marquette, which meets San Francisco Friday night in Chicago, increased its winning streak to four games last night by tripping Miami of Ohio 71-65. The Warriors had to come from behind to do it.

The Dons were idle. But North Carolina State, rated No. 2, clubbed Clemson 100-83 for its 17th straight victory and fifth of the season. And Duquesne, No. 6, made it five in succession by routing St. Francis (Pa.) 63-48.

Mountaineers Lose
In other games, George Washington defeated West Virginia 94-79 despite Hot Rod Hundley's 40 points. Illinois beat Notre Dame 103-93. Bradley nipped Canisius 73-66 and Michigan State trounced Southern Illinois 99-71.

Marquette, which trailed until the final five minutes, may have been looking ahead to the San Francisco game. At any rate, the Warriors needed a jump shot from sophomore Al Avant to put them ahead 56-55. And there they stayed.

The Dons-Warriors meeting will be the opener of the DePaul Invitational Tournament. The winner will meet the survivor of the second Duquesne-DePaul tilt.

Other Games
The Dukes from Pittsburgh got only 15 points from big St. Green, who normally goes for the 20 mark. But after trailing 16-15 they moved out in front to stay on Mickey Winograd's basket.

N. C. State, capitalizing on the fine shooting and fancy floorwork of guards Vic Molodet and Phil Dinardo, jumped into a 5-0 lead over Clemson and breezed home.

While Hundley ran wild for West Virginia, four George Washington players scored in double figures. Illinois' point total was the largest ever made against Notre Dame.

The Illini got hot in the second half, hitting on 19 and 33 shots from the field.

**BARCLAY LOSES
COACHING POST**

CHAPEL HILL, N. C. (AP)—George Barclay, who earned All America honors as a guard at North Carolina but couldn't win enough games as the school's head football coach, has been released.

Athletic Director C. P. (Chuck) Erickson and Chancellor Robert B. House announced jointly yesterday that Barclay's three-year contract, which expires Dec. 31, will not be renewed.

At the same time, Barclay's four assistants were dismissed, leaving the way open for his successor to name his own staff.

Barclay, who came here in 1952 as assistant to Carl Snavely and took over as head coach when Snavely was fired at the end of that season, posted an 11-18-1 record in his three years.

Speculation immediately centered on Maryland Coach Jim Tatum as Barclay's successor—although university officials insist that no successor has been discussed.

Tatum only Monday reminded reporters that he had denied plans to move to North Carolina.

Barclay and Tatum played together at North Carolina in the early 1930s.

SENATE GETS MILK CONTROL, LICENSE BILL

HARRISBURG (AP)—The administration's plan to make the Milk Control Commission self-supporting by increasing dealers' license fees goes to the Senate today on the strength of one Republican vote that produced House approval.

Rep. Vaughn (R-Allegheny) voted with 105 Democrats yesterday to give the proposal 106 yes votes, exactly the number to pass it. Only one Democrat, Rep. Comer (D-Phila.) opposed the bill as compared with four who voted no a week ago when the bill failed to pass on a 96-78 vote.

Eliminate \$300,000
Introduced eight months ago the plan would raise license fees \$150,000 a year and would enable the state to eliminate a \$300,000 biennial appropriation from the General Fund now needed to carry out operations of the commission.

Present license fees, ranging from \$1 to \$5,000 on the daily average of milk handled, produce about \$600,000 every two years or two-thirds of the operating costs of the commission.

One provision of the bill would give the commission the power to accept penalty payments of \$100 for each day of an ordered suspension instead of closing a dealer's business.

If enacted finally in time new license fees would be effective Jan. 1, changing the licensing year from the present May 1 to year 1 period.

Rep

RUSSIAN CHIEF BOASTS THAT HE NEEDED U. S.

By HAROLD K. MILKS
NEW DELHI (AP)—Nikita Khrushchev boasted Tuesday of "annoying America" over the issue of Portuguese India and said he did not mind "if our remarks are disliked and resented."

Speaking to a group representing the Hindi Assn. of the Indian Parliament, Khrushchev said:

"I have said that Goa (the chief Portuguese settlement in India) must come to India, which has a rightful claim over it."

"But that annoyed America—and they came out with strong support of Portuguese possession of Goa."

"Attack Goans"

"I said that the Portuguese forcibly occupied Goa, that they perpetrated atrocities and cruelties over the people of Goa. They committed all sorts of thefts in that territory. They have no right to continue to maintain their hold over Goa."

Khrushchev's remarks about American views on Goa referred to a joint statement issued in Washington by Secretary of State Dulles and visiting Portuguese Foreign Minister Joao Cunha. Dulles and Cunha referred to the "Portuguese provinces" in India and condemned speeches which the two Russian leaders—Khrushchev and Premier Nikolsi Bulganin—were making in India. The joint statement said these speeches were designed to foment trouble between East and West.

Later Dulles denied that, by issuing the statement with Cunha, he had put the United States on Portugal's side in the dispute over Portuguese India. He insisted he meant only to restate the traditional American policy that such disputes must not be settled by force.

React To Dulles

Many Indians reacted even more strongly to Dulles' explanation than to the original statement.

Khrushchev today denied that he and Bulganin were trying to set one country against another.

The Communist party boss said the "imperialists" had always oppressed and depressed the people of India. Yet, he added, if the five "big powers" were put on one side and you on the other, you are in no way inferior, and in many ways you are much greater."

Khrushchev added:

"Now that you are free and have overthrown foreign imperialism, there is no reason why you should not go forward and occupy the highest position in the world arena. That is my wish and that of my countrymen."

STUDENTS STILL ON H. S. STRIKE

UNIONTOWN, Pa. (AP)—Students at Redstone High School stayed away from classes for the second straight day Tuesday in protest over the forced retirement of a supervising principal.

Clarence Hess, 63, was forced to retire Friday night after the Redstone Twp. school board lowered the compulsory retirement age from 65 to 62.

A student committee was to meet today with Alfred DeFigio, newly appointed supervising principal, and John Q. Sigwalt, the high school principal, to iron out the difficulty.

Students To Cool Off

Sigwalt said it would be better for the students to "cool" off before rescheduling classes. He appealed to the parents to get the students back in classes, saying their absence "hurt the students, the teachers and the school."

Before school was scheduled to open Monday, groups of pupils formed carrying signs that said "We want Hess" and "Bring back Hess." DeFigio was booed as he entered the building. Later, he directed the pupils to return home.

Doomed Slayer Asks Commutation

HARRISBURG (AP)—Harry Gossard, 40, Cambria County "trick-or-treat" slayer of a 6-year-old girl today asked the state Pardon Board for commutation of the death sentence to life imprisonment on grounds of mental illness.

Gossard, of Conemaugh, pleaded

Urges Delay In Train Mail Switch

HARRISBURG (AP)—A resolution before the House urges the postmaster general to delay any action in switching mail transportation from trains of the Jersey Central Railroad to trucks.

The Post Office Department recently announced studies of proposed transfers of mail operations from four railroads to trucking operations.

The resolution, submitted Monday night by Rep. Frank (D-Lehigh) and Bonner (D-Carbon) cites an "already aggravated... transit situation on state highways" and said the proposed transfer would seriously affect local economies and the jobs and family life of railroad employees residing in Pennsylvania.

RAISE LEHIGH BUS CASH FARES

HARRISBURG (AP)—Bus cash fares will be increased from 15 to 18 cents and tokens will sell two for 35 beginning Thursday on most routes served by the Lehigh Valley Transit Co., Allentown.

The Public Utility Commission decided Monday that the fare revisions, expected to produce \$56,000 in additional annual revenue, should not be suspended.

The firm, furnishing service in the Allentown-Bethlehem-Easton area with routes to Norristown and Philadelphia, also will raise the price of 10 school tickets from 65 cents to \$1.

Avoid Strike

Lehigh had said it would be forced to ask the increases to meet cost of a "substantial wage increase granted in last-minute negotiations Oct. 31 to avoid a strike threatened the following day."

The wage increase will cost \$110,000 a year above the anticipated revenue from the rate revisions, the firm told the PUC.

In addition to the base cash and school fare changes, cash fare riders making a trip of three, four or five zones on all routes except the Allentown-Norristown run will have the total cost of the trip increased by five, four and three cents respectively.

RAISED FARES OMIT PROBLEMS

HARRISBURG (AP)—The Philadelphia Transportation Co. will increase base cash fares from 18 to 20 cents Sunday. In addition the firm also will raise the price of tokens from 17½ to 18 cents and issue free transfers.

The Public Utility Commission concluded Monday that the fare revisions should not be suspended after making a study of the firm's supporting data.

Other rate revisions authorized by the commission are the elimination of a two-cent initial transfer charge and a cent for subsequent vehicle interchanges.

Remain Unchanged

The 7½ cent school and 10 cent suburban zone fares remain unchanged.

While the new fare structure is expected to reduce revenue \$329,000 annually, PTC expressed belief the loss would be offset by lower costs as "delays are lessened and by attracting more riders through faster service."

About three of every five riders, the company said, would either save money or pay present charges.

Eliminate Problems

Among advantages of the new fare setup, PTC listed speeding up service by eliminating "penny fumbling and other change problems," few token purchases, greater use of high speed lines with feeder lines by elimination of transfers and company use of modern mechanical fare-collection methods.

quilty to the Halloween slaying of Karen Mauk last Oct. 24. Her body was found in a cemetery about two miles from her home.

After hearing testimony, the Cambria County Court adjudged him guilty of first degree murder and sentenced him to die in the electric chair. The state Supreme Court affirmed the sentence and Gov. Leader fixed the week of March 12 for Gossard's execution. Gossard in his petition said he hoped to be committed to a state mental institution if he receives the commutation.

SOME SENATORS DOUBTFUL ABOUT SLASH IN TAXES

By WILLIAM F. ARBOGAST
WASHINGTON (AP)—Top House leaders—and some senators—posed a big question mark today over prospects for cutting taxes next year.

In separate talks with newsmen, Speaker Rayburn (D-Tex.) and Representatives Martin (R-Mass.) and Cannon (D-Mo.) voiced doubts that any substantial tax relief would be forthcoming. Senators Byrd (D-Va.) and Bridges (R-NH.) said a balanced budget is more important than a tax cut.

Chairman Cooper (D-Tenn.) of the House Ways and Means Committee, where tax legislation normally is originated, declined to comment on the tax outlook for next year.

Rayburn is boss Democrat in the House; Martin is the top Republican; and Cannon heads the Appropriations Committee. In the

Senate, Byrd is chairman of the Finance Committee, and Bridges is senior Republican on the Appropriations Committee.

"Can't Resist"

Their pessimism over the tax outlook differed from the attitude of Sen. George (D-Ga.), an influential member of the Senate Finance Committee. He predicted yesterday that pressure for a tax cut "will be too great for Congress to resist."

George said earlier this week he believed taxes could be cut from 3 to 3½ billion dollars next year. He cited no figure yesterday, but said he expects a cut some time during the year. Sen. Lyndon B. Johnson, Senate Democratic leader, also has called for tax cuts.

Rayburn said he was far from convinced that taxes can be cut in the light of present world conditions. On the contrary, he said, "we may need more."

Correct Inequities

He said he thinks some present "inequities" in the tax structure should be corrected, with "the little fellow getting some relief."

Rayburn, Martin and Cannon hinted at the possibility of increased defense spending next year, which would make both a

STATE POLICY AT STAKE WITH HOSPITAL MONEY

HARRISBURG (AP)—The Hospital Assn. of Pennsylvania today called a meeting Thursday to decide its policy on a Welfare Department plan to divert 10 million dollars in federal aid from private hospitals to the state's mental health program.

"We're holding a meeting later this week to discuss what can and should be done," said John F. Wor-

man, executive secretary of the Association. "It's not a question of legality in Welfare Secretary Harry Shapiro's plan. It's a matter of state policy. The issue is whether this money should be used for state hospitals or for community hospitals."

Shapiro said over the weekend he proposed to use the 10 millions in federal aid in the next two years to construct mental hospitals. He contended that since 1946, when the federal appropriation was made available, none of the money has been used in the treatment of emotionally and mentally retarded children.

Worman said the Welfare Department was designated the administrator of the federal funds under the 1946 Hill-Burton Act. However, Worman said it had been state government policy to make all of the funds available for expansion of non-profit community hospitals.

The reason for that, Worman added, is that the state is better equipped to raise money by taxation for state mental hospitals and other state hospitals than are the community hospitals.

The federal funds are made available on a 1-for-2 matching

fund basis. The 10 million appropriated by the federal government must be matched by 20 millions by the state or communities.

The money for the most part has been raised by communities for their own hospitals to obtain the federal funds, Worman said.

Worman said the Thursday meeting would examine the purpose of Shapiro's action. He added the welfare secretary's plan came as "a complete surprise" to the hospital association.

"I think his (Shapiro's) purpose is to secure funds which the Legislature would not otherwise give him to carry out his mental health program," Worman said.

Invited to attend the meeting were George A. Hay, president of the hospital association, and administrator of Women's Hospital, Philadelphia, and regional advisers and directors of the association.

HARRISBURG (AP)—The Department of Labor and Industry announced the appointment Monday of Ernest F. Trosino, Chester, as a junior industrial and building inspector at \$3,666 a year.

ADVERTISE IN THE TIMES

WASHINGTON (AP)—Another 16½ cents an hour in pay and health benefits for 750,000 non-operating rail employees hinges Tuesday on railroad and union acceptance.

There was no immediate comment from either side on the recommendation, contained in a fact-finding report filed at the White House by a special three-man board appointed by President Eisenhower.

However, such recommendations—while not binding on the parties—have generally formed a basis for settlement of past rail labor disputes. The unions had demanded 27 cents an hour more. The railroads had offered 10½ cents.

Nonoperating rail workers now get an average of \$1.78 an hour. It was estimated the recommended raise would cost the railroads about 250 million dollars a year.

Lennie Rosenbluth, North Carolina's basketball ace, was born in New York City but now calls Greenville, Tenn. his home.

HEART ATTACK VICTIMS GIVEN GREATER HOPE

By JAMES MARLOW
Associated Press News Analyst
WASHINGTON (AP) — No three men — two of them by being themselves and one by his sensible explanations — have done more than Eisenhower, Johnson and White to create hope for a full life among victims of heart attacks.

President Eisenhower and Lyndon Johnson of Texas, leader of the Senate Democrats, are recovering from heart attacks of their own. It was Dr. Paul Dudley White, Boston heart specialist, who did the explaining.

Neither Eisenhower, stricken in September, nor Johnson, who had his attack in July, is out of the woods yet — in the sense they have so fully recovered their doctors can tell them to resume a full life.

Await Final Checkup
Both are awaiting the final medical verdict: Eisenhower in February, Johnson later this month. It may be the doctors will tell Eisenhower he can't run again and Johnson that the job of Senate leader is too much for him.

Even so, both men will go on leading lives just short of all-out. This need be no discouragement to other heart cases since a full life for both those men means a strain and responsibility most people never have to worry about.

If the verdict is against the full activity for them, Johnson may have to give up the Senate leadership but will stay in the Senate and Eisenhower will continue to fill his job as president until his term ends in January 1961.

Eisenhower and Johnson, through their prominence, focused the nation's attention on the problem of cardiac cases and how men, unwilling to let it throw them, can get up out of bed and be themselves again, patiently working toward recovery.

Have Greater Recovery
This doesn't mean heart cases can or should chase fire engines again, climb mountains or fight a 10-round bout. But those are extremes anyway.

Because Dr. White was one of Eisenhower's physicians, and because Eisenhower was the first president in history to have a known heart attack, White had a greater opportunity to talk common sense about the heart to more people than any doctor in history.

He used the opportunity to the utmost to do good. Through an article specially written for The Associated Press for newspaper use and through repeated news conferences he preached this gospel:

"Trying to resume your full life is the best treatment. One heart attack doesn't necessarily mean you'll ever have another. Some heart cases live to a ripe old age and die of something else."

New Bill Boosts Funds For Elwyn

HARRISBURG (AP) — A bill to raise the appropriation for handling patients at the Elwyn Training School in Delaware County, was in the hands of the House Tuesday after gaining Senate approval.

Republicans beat down Democratic opposition in the Senate last night to pass the bill 28-16.

The measure introduced by Sen. Watkins (R-Delaware), would boost the per capita appropriation from \$850 to \$960, a two-year over-all increase of about \$23,000.

The over-all appropriation for the two-year period would be \$1,020,000 under the bill.

WANTS TO TAKE CAA FROM DEPT. OF COMMERCE

WASHINGTON (AP) — Sen. Monroney (D-Okla.) said Tuesday he may ask Congress to take the Civil Aeronautics Administration from "the political control and ground-mind administration" of Commerce Department chiefs.

He specifically mentioned in his statement Secretary of Commerce Weeks and Undersecretary Louis S. Rothschild. He accused them Monday of forcing out Frederick B. Lee as CAA head in an effort to assume "czar-like powers" to control civil aviation.

The Commerce Department denied Monday that either "political consideration" or "personal malice" was involved in Lee's ouster. The statement, issued by Rothschild, said a decision was "reluctantly reached that someone better suited in leadership talent and teamwork was required."

Replace Member
President Eisenhower accepted Lee's resignation Saturday and yesterday Charles J. Lowen Jr. was sworn in to replace him. Both Lee and Lowen are Republicans. The CAA administrator earns \$15,000 a year.

Monroney, who already has announced the Senate Commerce Committee will inquire into the Lee matter next month, said in his new statement he is "considering the introduction of a bill" to strip the Commerce Department of all control over CAA.

"The vital progress of aviation cannot be tied to the old co-burned locomotive days Secretary Weeks seems to live in," Monroney said.

a house big enough to accommodate all the relatives," Mrs. Leader said in a letter to the Pennsylvania state poultry federation on her Christmas plans.

But in the executive mansion, with its 24 rooms and 8 baths, "there will be no question about space and we are looking forward to making full use of it."

The family reunion is scheduled for the day after Christmas, Mrs. Leader said.

Santa and the Dumdidly

By Lucrece Hudgins Beale

SYNOPSIS: The Dumdidly sees the witch take a black pill from a little box. Pretending it is a raisin, she drops it into the pudding in the purple dish and tells Beanie that pudding is for him.

CHAPTER NINE
THE POISONED PUDDING
"While the pudding cooks," said the witch to Beanie, "come into the parlor and talk with me."
She led him into the sitting room where the three black pots sat in a

"Good," said the witch. "That is a very proper feeling."
Beanie looked at her in surprise. "You're the first grownup person who has agreed with me," he said. He thought it was a shame his family didn't understand him as this dear old woman did.
Meantime, in the kitchen, the little Dumdidly was struggling mightily to find a way to save Beanie from the "dear old woman."
He thought if he could get into the oven he could dump out the

FIND SUMMONS ON DEAD DRIVER

NEW BRUNSWICK, N. J.—One tractor-trailer rammed into the rear of another on Rt. 1 near here Tuesday, crushing to death Edward S. Russell of Philadelphia.

Russell, about 38, was pinned in the cab of his vehicle as it smashed into the first trailer and became wedged beneath it.
State police said they found on the dead man a summons issued just an hour earlier in Philadelphia for ignoring a stop sign.

5 A.M. Crash
The smashup at the approach to the North Brunswick traffic circle occurred at about 5 a.m. State police said the driver of the first tractor-trailer, 41-year-old William Kelly of Philadelphia, slowed down as he approached the traffic circle. Then came the rear-end collision. The cab of Russell's vehicle wedged itself under the back of the other truck. It took an hour to extricate Russell from the tangled wreckage. He was pronounced dead on arrival at Middlesex General Hospital here.
Kelly suffered only a slight bump on the head. A small fire broke out around part of Russell's truck, but it was extinguished quickly.

that pudding.
But, alas! as he started to swing himself down, the poor Dumdidly slipped and crashed to the floor.
He heard steps coming and he rolled under the stove just as Beanie and the witch came in.
"There," said the witch. "They're all ready even though I did forget to shut the oven."
She laid out two dishes on the table, the green one for herself and the purple one for Beanie.
"Oh, boy!" cried Beanie. "I am hungry!"

But just as he lifted his spoon the witch said, "Dear me! You haven't washed your hands. Come with me while the pudding cools."
As soon as they went out of the room the Dumdidly scrambled from under the stove and slipped under the leg of the table. It was hard going but he finally got to the top.
He ran to the purple dish and took up the spoon. He dug frantically in the pudding until finally he dredged up the little black pill that looked like a raisin. He put the pill on his shoulder and ran over and dropped it into the green dish at the witch's place.

Then, with a tremendous sigh of relief, he dropped down into Beanie's chair and just lay there.
When Beanie came back he saw the Dumdidly and put it back in his pocket. Then he sat down to eat.

The witch sat down across from him and took up her spoon.
"Gee, she looks strange," thought Beanie as he took up his spoon. "Her face looks like it's slipping!"
"Come—eat up!" said the witch. And she spooned a great spoonful of pudding into her mouth.
As she did so there was a hiss and rattle and suddenly the witch was no longer a witch. She had turned into an old black pot that fell clanging and crashing off the chair to the kitchen floor.

JOHNSON HOPES IKE CAN RUN IF HE WISHES

By THE ASSOCIATED PRESS

The question of President Eisenhower's role in the 1956 elections has prompted another round of congressional speculation — and a wish from a prominent Democrat that Eisenhower will be able to seek a second term if he wants one.

Senate Democratic Leader Lyndon Johnson of Texas told a news conference he hopes the President's recovery from a Sept. 24 heart attack "is such that he could be a candidate if he chooses to be."

Before Johnson himself suffered a heart attack last July, he had been frequently mentioned as a possible Democratic presidential candidate. However, Johnson repeated Monday an earlier statement that under no circumstances will he seek public office next year. Johnson's present term has five years to go.

Two House Republican leaders predicted Monday that Eisenhower will run.

Convinced Of Candidacy
GOP Floor Leader Halleck of Indiana said he's certain that Eisenhower, "with his health restored," will accept the Republican nomination. And Rep. Amden of Illinois, the GOP whip, said he's "convinced Eisenhower will be a candidate."

The Republican lawmakers gave newsmen their views after joining other GOP congressional leaders for a briefing by Eisenhower on

his 1956 legislative plans. Sen. Knowland of California and Rep. Martin of Massachusetts, the top GOP leaders in Congress, both said politics was not discussed at the White House session.

Boost From Dwinell
If Eisenhower decides to run again, he got a boost Monday from Gov. Lane Dwinell of New Hampshire. Dwinell announced at Concord, N. H., that he will seek election as an Eisenhower delegate in New Hampshire's March 13 presidential primary.

One likely Democratic presidential aspirant, Sen. Kefauver of Tennessee, said yesterday he couldn't confirm a published report by the Chattanooga (Tenn.) Times that he will announce his candidacy for the nomination Friday.

Later, however, Charles Aldrich, Kefauver's press secretary, said the Times "is a reliable newspaper" and added that the senator will hold a news conference in Washington Friday. Aldrich was in Los Angeles, Kefauver in San Francisco.

Hits Security Program
Adlai Stevenson, the only avowed Democratic candidate, hit at handling of the Eisenhower administration's security program in a Chicago speech.

"Many innocent citizens have been 'grievously injured,' he said, adding:

"The pendulum of passion will swing back and it will be corrected. I have no doubt, but none too soon."

PRR To Open World's Largest Repair Shop

PHILADELPHIA (AP)—The Pennsylvania Railroad announced Monday that it has put in service its Samuel Rea shop freight car repair operation at Hollidaysburg.

GIVEN 10 DAYS FOR BRIEFS ON JUDGE SLAYER

WARREN, Pa. (AP)—State and defense attorneys have 10 days in which to submit written briefs on whether Judge-slayer Norman W. Moon is mentally capable of being executed.

The order was handed down Monday by Judge Alexander C. Flick Jr. of Warren County after he heard testimony on the question. Judge Flick will hand down a decision after studying the briefs and transcripts of the testimony.

Moon, 26, of Conneville, Pa., shot and killed Judge Allison D. Wade in a Warren County courtroom Jan. 13, 1954. The shooting occurred shortly after Moon had been called before the bench to explain why he had not kept up on court-ordered payments of support money for his estranged wife.

Had Set Death Penalty
A jury convicted him of first degree murder and set the penalty at death.

Later, a sanity commission found

Pa. It said the operation is the largest of its kind in the world. President James M. Symes said two of the shop's three half-mile long assembly lines are rolling and that the 12 million dollar shop will have a capacity of 50 cars daily when completed next June. The shop, which covers 17 acres, is now turning out rehabilitated gondola and hopper cars. It is named for Samuel Rea, a native of Hollidaysburg, Pa., and PRR president from 1913 to 1925.

Moon to be mentally ill and recommended that he be committed to a mental institution. However, Judge Flick ruled Moon to be legally sane.

The defense then appealed Judge Flick's ruling to the state Supreme Court. The high court ruled that Judge Flick had applied the wrong law in determining Moon's mental status and directed the Warren County jurist to reconsider the sanity commission's findings in the light of the proper law.

Appears Mentally Sound

At the hearing yesterday, seven witnesses from Western State Penitentiary testified in behalf of the state that Moon appears to be mentally sound.

Among those who testified were Warden Frank Johnson and Dr. Anthony Staab, prison physician. Moon has been confined at the penitentiary since last April when he was transferred there from the Warren County jail.

HOPE FOR BREAK ON COED MURDER

OMAHA (AP)—Police termed the trail cold Tuesday and Detective Inspector Ernest Brown said "We're just hoping for a break" in the slaying of Omaha University coed Carolyn Nevins, 20.

Miss Nevins was shot four times at close range last Friday night or early Saturday after working late at the school library, where she had a part-time job. She was buried yesterday.

A few hours later, police released on \$100 appearance bond an ex-taxi driver picked up after he had allegedly been heard to say in a tavern "I killed that broad."

The man agreed to take a lie detector test and Capt. Alvin Clinchard said the test indicated "he was not responsible for the killing."

Police held a second man, ar-

U. N. CHECKS ON ISRAEL, SYRIA INSTITUTIONS

JERUSALEM (AP)—U. N. truce observers pressed their investigation Tuesday into Israel's raid on Syrian posts along the Sea of Galilee, one of the bloodiest Israeli-Arab battles since the 1948 Palestine War.

Reports of casualties in the attack Sunday night still conflicted. Israel claimed 55 Syrians killed and 29 captured and admitted 4 Israelis killed and 12 wounded. Syria said her losses were 25 dead and 28 missing, and the Damascus radio claimed 100 Israeli soldiers killed or wounded.

The U. N. investigators could report only a provisional figure of 41 Syrian dead, with Israeli casualties not yet determined.

A communique from the truce supervisory organization said its chief of staff, Canadian Maj. Gen. E. L. M. Burns, "regrets this re-

talitatory action which brought about such heavy loss of life." Burns expressed his sympathy "to the wounded and the relatives of the dead."

PASS SALE OF LAND

HARRISBURG (AP)—A proposal for the state sale of 24,200 square foot tract, donated to the commonwealth in 1946 in West Goshen Twp. Chester County, was passed by the Senate and sent to Gov. Leader Monday night.

The bases in major league playing fields should be safe in 1956. A new type base is filled with sponge rubber and is plastic covered.

Define Penalty For Littering Roads

HARRISBURG (AP)—Persons throwing rubbish from automobiles on Pennsylvania highways would be liable to a \$25 fine or 10 days in jail under a proposal passed by the House and sent to the Senate.

Sponsored by Reps. Strausser (R-Columbia) and Swartz (D-Lycoming), the bill, passed last night, would prohibit the owner or operator of a motor vehicle from throwing or permitting any rubbish from being thrown from a vehicle.

PROF NAMES 34 YANKS AS REDS

CHICAGO (AP)—A former college professor has named some 34 persons he said he knew as fellow Communists in the federal government before and during World War II. Included were 16 lawyers employed by the National Labor Relations Board.

Prof. Herbert Fuchs, 50, testified in Chicago yesterday before the House Un-American Activities Committee. He was dropped from the law faculty of American University in Washington after testifying before the committee in a closed session July 15. The hearings continue today.

Fuchs, who said he dropped out of the Communist party in 1946, declared the 16 NLRB lawyers were members with him of a Communist party cell in the NLRB from 1937 to 1942.

Names War Labor Board Reds
He also named Communists he said were on the old War Labor Board and other government agencies in the Democratic administrations of former Presidents Franklin D. Roosevelt and Harry Truman.

Several persons Fuchs named denied the accusations.

Christmas Business Setting New Records Over County

NEW YORK (AP)—Christmas shoppers in Baltimore are buying handbags at \$100 each. In Dallas, they're splurging on live Mexican burros with carts. Merchants along New York's Fifth Avenue say diamonds and mink are "selling like crazy."

That's the pattern of Christmas buying this year. An Associated Press survey shows pre-Christmas retail trade in two dozen major cities smashing records right and left. People are spending more freely than ever before. And their preference seems to lean toward gadgets, gimmicks, luxury gifts and frills, rather than "practical" items.

Confidence that this year's Christmas volume will top the record levels of a year ago is evident from San Francisco to New York and Boston to Atlanta.

"We're ahead about 8 per cent," says President Herbert Wilson of Emery, Bird Thayer Co., Kansas City.

"Business is excellent," declares John P. Murphy, president of Higbee's, Cleveland. M. H. Segner, vice president of Seattle's Bon Marche, describes business as "very, very good—so far, it's 10 per cent or more ahead of last year." A Los Angeles retailer finds shoppers "not just looking; they're buying. And they're buying good merchandise all the way down the line."

"Can I knock off early? I want to get over to Investors Loan Corp. for money to bring Christmas to my own kids!"

"I didn't have to take time off, after all. My boss borrows there himself; and told me all I had to do was phone 1072, then go in any time for the money."

DEFENSE, TAX BILLS MAY MEAN WARM SESSION

By JACK BELL

WASHINGTON (AP)—President Eisenhower's proposal for a billion-dollar boost in defense spending and a possible battle over tax cuts pointed today toward a stormy election-year session of Congress.

The President's plan to step up the production of B52 bombers, jet interceptors and development of the guided missile program won general support from Republicans and Democrats.

But the \$5½-billion-dollar defense budget he outlined to top congressional leaders at a White House briefing yesterday held a threat to tax reductions and budget balancing. Several leaders in both the House and Senate said they saw little chance of substantial tax reductions.

Several other issues arose out of two days of White House briefings which signaled forthcoming battles.

Difference Of Opinions
In individual statements, Democrats and Republicans displayed sharp differences of opinion with each other—and even with their party colleagues—on debt payments, continuance of foreign economic aid, proposed new farm programs, highway financing and school construction.

Both Chairman Bridges (R-NH) of the Senate GOP Policy Committee and Chairman Byrd (D-Va) of the Senate Finance Committee joined the chorus of those calling for a balanced budget before taxes are cut.

Byrd said he will fight to wipe out all foreign economic aid, a position already taken by Chairman Russell (D-Ga) of the Senate Armed Services Committee.

The President was reported to have proposed a \$2,800,000,000 new appropriation by Congress for all foreign aid, including military assistance.

Favors Highway Bill
Chairman Richards (D-SC) of the House Foreign Affairs Committee said that while there might be some differences of opinion on economic aid he doesn't see how the over-all program can be reduced below its present level.

"There would have been no use for military aid in Europe if there had been no economic aid first," he said. "The same thing applies to Asia now."

House Speaker Rayburn (D-Tex) reaffirmed his support of legislation to finance highway construction which would put the burden of the cost on road users. Conference said the Eisenhower administration

Defected Security Chief Of West Berlin Closely Guarded

By BRACK CURRY

BONN, Germany (AP)—The West German government kept multiple turncoat Otto John under close security wraps today while a high-level investigation continued of his defection to the Communists and return to the West.

Communist East Germany issued a brief comment on the arrival in West Germany of the Bonn Government's former counterintelligence chief after a 16-month stay with the Reds. The 47-word comment, distributed by the East German news agency ADN, tried to give a sort of tacit blessing to John's departure to the West, saying:

"Herr Dr. John, former president of the Bonn Office for the Protection of the Constitution, who was granted asylum in the (East) German Democratic Republic on July 20, 1954, has left the German Democratic Republic. Dr. John had repeatedly stated he intends to conduct the fight against neo-fascism in West Germany."

Gets Thorough Grilling

In Bonn, where John was brought after slipping secretly into West Berlin Monday, he was given a thorough grilling by an examining judge. Federal officials said that after several hours of questioning, the judge took off last night for Karlsruhe, seat of the Federal Constitutional Court, West Germany's highest court.

A reporter for Denmark's big-

gest daily newspaper, the Berlingske Tidende, said he had brought John back to West Berlin. Hendrik Bonde-Hendriksen, Berlin correspondent for the paper, wrote in a dispatch:

John had told Communist agents who followed him everywhere he had an appointment for talks with officials at Humboldt University in East Berlin and wanted to be alone. The agents remained outside while he went inside the university.

John walked through the building, left through the front entrance and went to a parking lot for a prearranged rendezvous with the newsman. They drove down Unter Den Linden to the Western sec-

Seek Funds To Feed And Cover Animals

HARRISBURG (AP)—A bipartisan bill before the House would earmark funds received for special antlerless deer hunting permits to

increase food and cover for the animals on state game lands.

The bill, introduced yesterday, would provide that the \$1 fee collected by the state be used solely for cutting or otherwise removing overshadowing tree growth so that underbrush, sprouts and saplings would be produced for deer food.

Sponsors of the bill are Reps. Breth (D-Clearfield), Wilt (R-

Allegheny) and Smith (D-Beaver).

Another measure introduced by the same three lawmakers would authorize the Game Commission to engage in the controlled burning of marginal and submarginal game land to improve wildlife habitat.

A merry-go-round made in 1850 is still in use at Watch Hill, R. I. It was originally turned by a draft horse but is now mechanized.

HOW TO BUILD IN WINTER WITH CONCRETE

You needn't wait 'til spring to do farm concrete work. Valuable all-time production aids such as labor-saving barn floors, sanitary farrowing floors and other inside jobs are easily protected from the weather. Precast watering troughs can be built in the barn. Foundations can be trenched, filled with straw to keep out frost, and concrete placed any time the weather is above freezing.

The necessary precautions for winter concreting are simple. Write for free instructions and plan now to make repairs and improvements as weather permits.

If you need help, see your concrete contractor, ready-mixed concrete producer or building material dealer.
